

Do you want to work in animal studies?

Get VET

What you can do at school

1

Watch the video

Scan the QR code or follow this link: <https://bit.ly/2ASe3En>

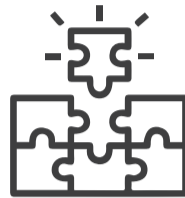

2

Pick your VET Animal Studies

3

Think about complementary studies

Whether you're doing VCE or VCAL, think about including complementary VCE studies that can support your pathway:

- Biology
- Chemistry
- Mathematics
- VCE VET Agriculture, Horticulture, Conservation and Land Management
- VCE VET Business

4

Plan a work placement

Structured workplace learning (SWL) gives you on-the-job experience where you can master the skills and knowledge of your VET qualification. You can also get credit towards your VCE or VCAL by completing a workplace learning record.

What you can do after school

Get a job

- Animal care attendant
- Animal shelter attendant
- Assistant dog groomer
- Cattery attendant
- Kennel hand
- Pet shop attendant
- Veterinary assistant

Do more training

If you want to do more training, remember that workplace experiences play a big part in helping you to achieve your career goals.

Get a job and do more training

Apprenticeships and traineeships combine work with training so you can earn money and get industry experience at the same time. You can even start this when you're at school.

Go to university

Find out the entry requirements for your degree. What ATAR do you need? Are there prerequisite studies?

Explore the wide range of careers
