

VCE Bulletin Supplement 2

Examination details and assessment criteria for 2003 examinations

The information in this VCE BULLETIN supplement comprises the assessment criteria for the examinations to be conducted by the Victorian Curriculum and Assessment Authority in 2003 with the exception of VCE VET studies with scored assessment, Accounting, Information Processing and Management and Information Systems.

The sets of assessment criteria are presented in alphabetical sequence by key learning area.

New examination criteria have been published for Accounting (June and November examinations), Information Processing and Management and Information Systems in the 2003 Assessment Handbooks for those studies distributed to all schools in December 2002.

During February, supplementary information, including sample examination questions, regarding the following examinations will be posted on the VCAA website under the heading 'Sample Examinations'.

June examination

Accounting

November examinations

Accounting

Information Processing and Management

Information Systems
