

Scenario 2

One Saturday night you decide to go out with your friends. You put your hand up to be the designated driver. However, when you're out, you catch up with some old friends and decide that you would like to have a drink with them.

At the end of the night, you are faced with the following situation:

1. Get a taxi home which will be an additional cost of \$50
2. Risk driving home, knowing that you will be over the limit.
