General comments

Most students attempted all parts of the examination and their overall performance was satisfactory. However, students should practise producing writing structures correctly, ensuring that their writing demonstrates the characteristics of the text type selected.

Specific information

This report provides sample answers or an indication of what the answer may have included. Unless otherwise stated, these are not intended to be exemplary or complete responses.

Section 1 – Listening and responding
Part A – Answer in English

Students listened to three texts in Persian and were required to extract information to answer questions. All questions were answered in English. In this section, students were generally able to respond well to the listening passages and answer the questions appropriately. Students should remember to read the questions carefully before attempting to respond.

Part B – Answer in Persian

Text 9
Question 9
Students were asked to write an evaluative review of a hotel in Shiraz, to be published on a travel website. Both positive and negative points should have been mentioned, but the review should have conveyed that the overall experience was positive.

Students who scored highly presented interesting ideas in their responses. However, some students simply copied material from the given text without adding much to it and subsequently did not gain high marks.

Students should read the text carefully and understand general and specific aspects by identifying, analysing and responding to information. This information should be conveyed accurately and appropriately.

Section 3 – Writing in Persian

In this section students had to choose one of three questions and write their responses in approximately 250 words in Persian.

Students generally performed well. Some responses were very creative and rich in content. Question 10 and 11 were popular choices.

All responses were assessed on how well students:
- demonstrated depth of treatment of information, ideas and/or opinions
- wrote text appropriate and relevant to context, purpose and audience
- structured and sequenced information and ideas
- manipulated language structures and vocabulary in Persian.

Question 10
Students were required to write a personal article for their school newsletter on the topic: ‘How to achieve a balanced life between study and leisure during the last two years of school’.

Question 11
Students were required to write an imaginative story for a magazine for young adults beginning with, ‘It was freezing cold and very late. Someone knocked on my door.’

Question 12
Students were required to write a persuasive speech explaining to their classmates why their place of birth is the best place on Earth.
