# Section 1

In Victoria as of 2025, there is one certificate of senior secondary education, the Victorian Certificate of Education (VCE) which ensures every student has access to studies where they will gain the skills and knowledge they need to find rewarding careers and reach their full potential.

Within the VCE students have the option to undertake the VCE Vocational Major (VCE VM).

This section covers the VCE including the VCE VM.

## 1. Victorian Certificate of Education

VCE completion is calculated on the basis of satisfactory completion of units. Refer to the VCE Administrative Hand book for VCE eligibility requirements, which can be found on the VCAA website [VCAA website](#).

### 3. Outcomes of VCE Graded Assessment 2025

Section 3 (Grade Distributions for Graded Assessments VCE) provides more detailed information on the outcomes for each study where Graded Assessment is available. VCE studies at Unit 3 and 4 level have three Graded Assessments, while scored VCE VET programs have two Graded Assessments.

In summary, the most awarded grade in 2025 was B comprising 16.3% of the distribution. The median grade was a B, with 56.1% of grades at a B or higher. Table 1.3.1 shows the number of grades awarded (N), and the percentage awarded per grade. The table includes data for both VCE Unit 3-4 sequences and scored VCE VET programs.
