15. Waala may waathirr

The fool is chopping the stick.
The fool chopped the vegetables.
The fool cut the vegetables.
The hawk will grow.
The fool was cutting the vegetables.
The fool was searching for the hawk.
The hawk is grabbing the stick.
The hawk followed the woman.
The fool was following the woman.
The fool is cutting the vegetables.
The fool grew.
The fool will grab the vegetables.
The hawk will follow the fool.
The fool will chop the vegetables.
The fool searched for vegetables.
a. List all of the Kuuk Thaayorre words that correspond to each of the following English expressions. For example, all of the Kuuk Thaayorre translations of the English 'cut', 'is cutting' and 'was cutting' should be listed next to the word 'cut' below.
the fool
the hawk
the woman
the vegetables
the stick
grab
follow
chop
grow
cut
search for
b. Look carefully at the different forms of the Kuuk Thaayorre verbs. Each verb form can occur with different endings.

List each of the verb endings found in sentences $1-15$ on page 2 and explain what each one means.

Question 2 (8 marks)

## Panyjima

Panyjima is an Indigenous language that was spoken in the Pilbara region of Western Australia. Table 1 lists the Panyjima pronouns that may be used as the subject of a sentence. Read this table carefully.

Table 1. Panyjima subject pronouns

|  | Singular | Dual | Plural |
| :--- | :--- | :--- | :--- |
| 1st-person inclusive | ngatha 'I' | ngali 'you and I' | ngalikuru 'you, they and I' |
| 1st-person exclusive |  | ngaliya 's/he and I' | ngaliyakuru 'they and I' |
| 2nd person | nyinta 'you' | nhupalu 'you two' | nhupalukuru 'you all' |
| 3rd person | thana 's/he' | thanakutha 'they two' | thananmarra 'they all' |

For each of sentences $1-10$ below, identify the Panyjima pronoun that corresponds to the underlined noun phrase. The first two have been completed for you. For example, the correct answer to sentence 1 is the 3rd-person plural pronoun thananmarra, since it refers to more than two people, none of whom are the person speaking or the person being spoken to.

1. Peter and his three cousins went to the beach.
thananmarra
2. I went to the beach.
ngatha
3. You and I went to the beach.
4. Peter and Jack went to the beach.
5. My four sisters and I went to the beach.
6. Peter went to the beach.
7. Alfred, Celia, Peter and I went to the beach.
8. Peter, Pauline, you and I went to the beach.
9. You and John went to the beach.
10. Pauline went to the beach.

Question 3 (6 marks)

## Wagiman

Wagiman is an Indigenous language from the Northern Territory.
Read the following Wagiman sentences carefully. (Please note that the examples used in Question 3 have been edited for clarity.)

1. Lamarrayi badina maluga The dog bit the old man.
2. Lamarra gani gudalaying The dog is sitting by the fire.
3. Malugayi ya' yi lamarra The old man told the dog.
4. Maluga gani gudalaying The old man is sitting by the fire.
5. Warre gani gudalaying The child is sitting by the fire.
6. Lamarrayi badina warre The dog bit the child.
a. Consider all of the Wagiman words for 'old man' and 'dog' in sentences 1-6 above. For each of these English translations, there are two slightly different forms of words in Wagiman.

For one of the English terms 'old man' or 'dog', describe what determines which form of Wagiman is used. Include at least two examples from sentences 1-6 in your answer.

Question 4 (18 marks)

## Werkaya

The surveyor RH Mathews wrote down information about what he called the Jatjalli or Pine Plain Language in a notebook that is now kept at the National Library of Australia. This is one of the varieties of the Werkaya language from the Wimmera. The person who gave the language information was Ned McLennan. (Please note that some examples used in Question 4 have been edited for clarity.)
Mathews gives the word for 'boomerang' as gatim-gattim; he gives the word translated variously as 'that' or 'there' spelled both as nyooa and nyoowa. Table 2 gives three phrases with the word 'boomerang'.

Table 2

| my boomerang <br> your boomerang <br> his boomerang | nyoowa gatim-gattimek <br> nyoowa gatim-gattimin <br> nyoowa gatim-gattimook |
| :--- | :--- |

a. In Table 2, how is 'my' expressed in Jatjalli?
$\qquad$
b. In Table 2, Mathews translates nyoowa gatim-gattimek as 'my boomerang'.

However, if we also include the word nyoowa, what is the precise, word-by-word translation of this phrase?
$\qquad$
c. How do you say 'your' and 'his' in Jatjalli?

Mathews gives a second set of phrases with the same meaning. These are presented in Table 3.
Table 3

| my boomerang <br> your boomerang <br> his boomerang | nyooangek gatim-gattim <br> nyooangin gatim-gattim <br> nyooanyook gatim-gattim |
| :--- | :--- |

d. Explain how possession ('my') is expressed in the first line of Table 3. Using one example from Table 2 and one example from Table 3, compare the two different versions.
$\qquad$
$\qquad$
$\qquad$
$\qquad$
SECTION 1 - Question 4 - continued
e. List the forms of the endings meaning 'my', 'your' and 'his' given in Table 2 and Table 3, and explain any difference between them.
$\qquad$
$\qquad$
$\qquad$
$\qquad$

A set of nouns that Mathews recorded is listed in Table 4.
Table 4

| gal | dog |
| :--- | :--- |
| bergoo | tail |
| lahr | camp |
| goolgoon | boy |

There is a suffix in Jatjalli with the form - $a$ that is added to a noun to indicate that the noun is the possessor of something. It is similar in meaning to the English $-s$ on the word 'cat's' in a phrase such as 'the cat's paw'. However, in other ways, Jatjalli and English are different.
f. Mathews recorded the phrase bergook gala, with the meaning 'a dog's tail'.

Explain how the grammar of Jatjalli expresses the meaning of the connection between 'dog' and 'tail'. What is the precise, word-by-word translation of this phrase?
$\qquad$
$\qquad$
$\qquad$
$\qquad$
g. Mathews also recorded the phrase lahrngook goolgoona, meaning 'a boy's camp'.

Explain the grammatical structure of this phrase.
$\qquad$
$\qquad$
$\qquad$
$\qquad$

Another two words recorded by Mathews were goomboon, meaning 'is lying down', and gimba, meaning 'here' or 'this'.

Consider the sentence in Table 5.

Table 5

```
gal gimba goomboon walmengek
the \(\operatorname{dog}\) is behind me
```

h. Which part of this sentence means 'behind me'?
i. Explain each part of the sentence in Table 5 and the meaning of each part.
$\qquad$
$\qquad$

$\qquad$
j. Translate the following words into English.
walmengin $\qquad$
walmenyook $\qquad$

Question 5 (15 marks)

## Warlpiri

The Warlpiri language is spoken at Yuendumu in Central Australia. The modern spoken Warlpiri language uses many English words. Table 6 gives several examples of Warlpiri words and their English equivalents.

## Table 6

| Pipuwarri | February |
| :--- | :--- |
| piipi | baby |
| panji | fancy |
| puluku | bullock |
| pilayi | play |
| pija | picture |

a. What is the name of the linguistic process for creating new words that is occurring here? 1 mark
$\qquad$
b. Consider the first letter, 'p', of the Warlpiri words in Table 6. What are the English sounds that this letter corresponds to?

The Warlpiri alphabet is very different from the English alphabet. The consonants are listed in Table 7. Some of these consonant sounds are different from English consonant sounds. For example, the letters 'rd', 'rl', 'rn' and 'rt' are ways of writing sounds not found in English, but that are produced by the tip of the tongue curling back to touch the roof of the mouth.

## Table 7

```
j k l ly m n ng ny p r r m rlllllllllllll
```

c. Look at the words in Table 6. The English words begin with several different consonants.

Suggest reasons why they are all pronounced with an initial ' $p$ ' in Warlpiri.
$\qquad$
$\qquad$
$\qquad$
$\qquad$

Table 7 shows there is no ' $s$ ' in the Warlpiri alphabet. Consider the words in Table 8.
Table 8

| jupa | soap |
| :--- | :--- |
| jupu | soup |
| jipi | sheep |
| japu | shop |
| jawa | shower |
| Janyuwari | January |
| Julayi | July |
| jatimapi | shut up |

d. How is the sound 's' in English expressed in Warlpiri?
$\qquad$
e. What other sounds are expressed with the letter ' j ' in the Warlpiri words in Table 8?
(Note: Some sounds in English may be written with more than one letter.)
1 mark
$\qquad$

Table 9 provides a further list of Warlpiri words.

Table 9

| jiminti | cement |
| :--- | :--- |
| jipini | seven |
| Kimpi | Kimby (brand of disposable nappy) |
| kantini | canteen |
| rapiji | rubbish |
| kamulu | camel |
| puluku | bullock |
| tawunu | town |
| tawurlu | towel |
| nanikutu | nanny goat |
| kanjurlu | council |

f. Consider the words in Table 9. Based on this information, how many vowels are there in Warlpiri and what vowels are they?
$\qquad$
$\qquad$
g. Consider the Warlpiri words in Table 9 for 'cement', 'seven' and 'Kimby' (the name of a disposable nappy much used in Yuendumu). Which Warlpiri vowel forms correspond to the vowels in English? What is the difference between the way in which Warlpiri expresses vowels and the way in which English expresses vowels?
$\qquad$
$\qquad$
$\qquad$
$\qquad$
h. We have considered the way that the different consonants and vowels in English are expressed in Warlpiri loan words.

Now consider the other words in Table 9 and discuss any other differences between the English and the Warlpiri. (Note: This relates to the end of the words; pronounce the words to yourself and see what other differences you notice.) Give at least two examples of words that illustrate the differences you notice. For example, explain why 'canteen' in Warlpiri has a final ' i ' sound.
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$
$\qquad$

Consider the words in Table 10.
Table 10

| kuurlu <br> puиnи | school <br> spoon |
| :--- | :--- |

i. What other process of sound difference between English and Warlpiri is exemplified in Table 10?

## Instructions for Section 2

Answer one question, either Question 6 or Question 7, in the spaces provided.
Your response will be assessed according to the criteria set out on page 20 of this question and answer book.

## EITHER

Question 6 (20 marks)
The following language knowledge and skills are relevant to the revival and reclamation of Aboriginal languages:

- being familiar with the sounds and pronunciation of the language
- appreciating different spelling options
- understanding how the sentence grammar works
- being able to construct new words
- being able to form new sentences
- being able to use language creatively
- finding out which early settlers or government officials were interested in the language and where their personal manuscripts and/or publications are available
a. What is the target language that you have worked with this year? Describe the ways in which three or more of the dot points above have been important in your language reclamation study. Include detailed examples to illustrate and explain each of the dot points that you have chosen to discuss.

b. Discuss in detail how your experience of working with/being part of the relevant Aboriginal community deepened your understanding of the issues relevant to language revival and language reclamation. You may respond to this question by comparing your knowledge and understanding at the beginning of the year with your knowledge and understanding at the end of your course of study. You should also include the details of various experiences you had during the year - key turning points - that helped to deepen your understanding of the issues involved and helpful anecdotes about your experiences.

## OR

Question 7 (20 marks)
a. Describe the steps you would need to take to produce two or more written items to assist in the reclamation of your target language (the language being reclaimed or revived). In your answer, you need to address each of the following issues:

- In terms of the content of the items, would they be, for example, complete stories, words or phrases?
- In terms of the nature of the items, would they be, for example, books, booklets, interactive computer programs, mobile phone apps or other materials?
- Should they be in the target language only or in both the target language and English?
- How would you go about selecting the content? Describe the role of the community in this task.
- How might your study of other Aboriginal languages assist you in completing this work?

Describe, in as much detail as possible, how the community members' knowledge of the language could be used to your advantage.

## Assessment criteria for Section 2

## Content

The extent to which the student demonstrates an understanding of:

- the broad issues related to language reclamation
- how and why languages differ and how they change over time
- the relationship between language and culture

## Presentation

The quality of responses, demonstrated by:

- the comprehensiveness of the response(s)
- the coherence and relevance of the response(s)
- the effectiveness of the use of language examples
